

Social Distancing and Continuing Education We have options and discounts

As we all learn a new way of working, shopping, and living, PIA of VA & DC is here to help our agents as best we can. We have reduced the prices of our webinars (NO TEST)! We will be developing some additional webinars with the new Virginia CE laws that have been passed this year (stay tuned for dates)! We also have online on demand options (these options do require a test). We hope to see you in a classroom class when our world becomes "normal" again. In the meantime, please check out these options to get your CE done before the biennium. If you have questions about your CE or any of these options, please call or email [Sheryl](#) 804-564-2141

Live Webinars NO TEST

These webinars are taught with our Partners at Florida Insurance School, the instructors are nationally recognized, a couple could have done some stand up comedy. These are specific courses from Drone's, Self Driving Cars, Contractors, Farms, and Life and Health CE options as well.

Discounted Pricing!!!!
Members 3hr class \$50 - Non Member \$70

Online Options

Whether you need to update your CISR/CRM/CIC designation, start your classes, or continue your designation journey this is another option for you. Online, the CISR classes are on demand and the CRM/CIC/Mega Ruble are all live. Click on the link below for registrations. Please use **PIAVA** as your code (**this is new**).

One more option...

Are you just looking for CE?

No longer do you have to get on a bus to get the education that you need. This option is online on

School Bus

demand so you determine when you take these classes. With a busy schedule PIA of VA & DC recognizes you might not be able to sit in a classroom even if COVID19 was not stopping us from doing so. We have partnered with Kaplan and are offering a variety of topics for you to choose from. Purchase one class at a time or unlimited classes. You will need to take a test for these classes.
