

Did you know?

1. Did you know that Congress has considered healthcare reform legislation that would cut independent agents out of the healthcare equation? This legislation would allow completely new and untested entities to make healthcare insurance recommendations as part of “Healthcare Exchanges,” while prohibiting agents from doing the same. PIA has fought this legislation tooth and nail and has helped convince some Members of Congress to intervene on agents’ behalf. But this is by no means over: PIA continues to fight for you!
2. Did you know that Congress is considering a number of pieces of legislation to “fix” the financial services industry that will take control of the insurance industry out of the hands of state regulators and create a new insurance bureaucracy in Washington, DC?
3. Did you know that PIA is your advocate on Capitol Hill? We work tirelessly on agents’ behalf so they can continue to do business, and we provide our members with grassroots tools so they can influence their Members of Congress.

Independent insurance agents are under fire. Thankfully, they have PIA looking out for them. We fight for member agents so they can continue to operate their businesses successfully today and tomorrow. By joining PIA you help ensure your future. **Please consider joining PIA of VA & DC today.** Contact us for a membership application or visit us online at www.piavadc.com.
